Benjamin Arana
Senior Account Manager – OEM, Wireless, and Special Markets
Direct: (626) 400-6767

Ben has more than a decade of mobile mounting experience under his belt having been with Arkon since 2000.

Ben enjoys spending time with family and four dogs, working on his 1953 Chevy, collecting vintage furniture, cooking, and travel.

"I enjoy the many challenges and opportunities within the mobile mounting industry, particularly working with companies that have unique OEM projects related to new devices."

Cleber "CJ" Gandra
Account Manager – United States, Canada, and Portugal
Direct: (626) 400-6865

CJ has been a valued member of the sales team since 2007. He is fluent in Portuguese, Spanish, and English.

Outside of work, CJ enjoys exercise, playing tennis, and spending time with his family. CJ is also an Orange County Reserve firefighter.

"My goal is to create successful relationships with our dealers and distributors by providing the highest levels of service and a real commitment to their success."

London Smith
Account Manager – Enterprise, Fleets, and Verticals
Direct: (626) 400-6870

London joined Arkon in 2011 after a nine-year stint at Yahoo. In his spare time, London attends as many sporting events as possible and is a die-hard Lakers fan. He also enjoys outdoor adventures such as boating, hiking, and stream fishing.

"The success of the iPad® and integration of tablets into the workplace has fueled unprecedented new product development and innovation here at Arkon. I welcome the opportunity to discuss our industry-leading assortment of high-quality mounting solutions and how to integrate them into your business."

FLAT SURFACE STICKY SUCTION MOUNTS

Arkon's Flat Surface series suction mounts install to most desktops, dashboards, windows, walls, airplane seat trays, counter-tops, cabinets, tables, fiberglass surfaces on boats, and nearly all other flat semi-porous surfaces.

Though the unique polyurethane suction pad feels sticky to the touch, the super strong suction does not leave any marks or residue on the flat mounting surface. The suction cup may lose performance over time due to a build up of dust on the sticky surface. When this happens, lightly wash the suction cup with liquid soap to recharge it like new.

VEHICLE SPECIFIC MOUNTS

Vehicle-specifc mounts (VSMs) are the mounting bracket of choice for professional installers. They provide a low-profile, unobtrusive, secure connection to the car's dashboard (via existing screw holes inside the dashboard).

Arkon offers a complete line of Vehicle Specific Mounts for tablets, Smartphones, and GPS. Check with your Arkon representative for more details.

MOUNTS FOR KRAKEN A.M.S. SERIES BY TRIDENT CASE®

Arkon strongly recommends Trident Case® and has named it their preferred partner in the Smartphone and tablet protective case category.

Beginning February 2013, Arkon will introduce a full line of mounting solutions compatible specifically with the Kraken A.M.S. Series™ by Trident Case®.

Kraken A.M.S. Series cases are the absolute strongest, most durable Trident cases. They feature hybrid construction of durable, hardened polycarbonate and shock-absorbing silicone.

Most Kraken cases feature a built-in screen protector, dust filters over microphone and speaker bays, and silicone plugs over audio and power jacks to keep out moisture and debris.
